

# RINGLING'S BIG CIRCUS A CORKER

STREET PARADE THIS  
MORNING WAS GLIT-  
TERING PAGEANT

THOUSANDS ATTEND  
AFTERNOON PERFORMANCE

Ring Acts are Mostly European  
Novelties and Hair-Raising  
Sensations

Ponderous elephants, man-sized apes with human traits, even to that of shaving themselves, roaring lions, restless tigers, jaguars, hyenas, in fact anything and everything in a first class menagerie; Persian and Italian acrobats, English and German gymnasts, jugglers from the Flowery Kingdom, dancers and equilibrista from gay old France, and last, but not least, a daring Parisienne in a wild dash down a sheer incline in an automobile, turning several somersaults in its course!

Look on this glittering array and you will have no trouble ascertaining the cause of so many vacant seats in the school rooms of Guthrie today. Not at all. The American youth, testosterone—the circus—is in town, and all roads lead to the big tents of Ringling Brothers, on the West Side.

Before daylight this morning the mammoth show, which is this year celebrating its twenty-fifth anniversary, rolled into town on four special trains from Winfield, Kan. Thousands of sightseers crowded about the station and peacefully fell in line behind the 40 plodding elephants as they lumbered heavily to the circus lot.

It took about two hours to transfer the immense equipment to the grounds, and about the same time to erect the many tents. The big canvas in which the ring acts take place is said to be the largest that was ever made, and the big menagerie tent is almost as big. There are 20 tents, all in all, and when they are all spread 12 acres of ground are covered. There are 650 horses, with the show, and in the dining tents are served 3,000 meals a day.

The Ringling tents are perfectly waterproof, and the illumination beautiful. Even the menagerie cages have a powerful light, so that the wild animal rarities may be scanned with keener interest. In this wonderful compartment is Darwin, the missing link, a man-sized ape, that feeds on oranges and grapes, shaves himself, likes music, plays cards and huff, and is a strict prohibitionist.

The ring acts are mostly European novelties and sensations. Two-thirds of the 400 performers are announced as making their first appearance in America. The Ringling show has always presented an exceptional list of acts, in which refinement and novelty have been leading characteristics. Tone and individuality have brought this show to the first place in the circus world. Acrobats that do tricks on the back of a running horse, which have heretofore been considered difficult on the firm foundation of ground; a man who walks on the top of a dead head like other people do on their feet; gymnasts that turn triple somersaults in midair before they alight upon swings or receiving hands; horses that rear and take off human elements and go to bed like a man; pigs that climb ladders and shoot the chutes; elephants that can act out our humorous skills with amazing intelligence; horses, dogs and ponies that are educated beyond human belief; and a lot of other things are in the varied circus bill of 100 numbers.

## REUNION AT BARTLESVILLE

Persons attending the reunion at Bartlesville, Okla., next month will have an opportunity to visit one of the most interesting cities in the state. There they can see the process of manufacturing Portland cement at the immense, million dollar plant of the Henry Portland Cement company, and inspect the mammoth zinc smelting plants, where ore is reduced to a fluid by the intense heat of the burning natural gas. Trips to those and other points of interest are easily and economically made on the interurban cars and street cars.

Two thousand dollars in purses will be given on the three days of the race meet—October 7, 8 and 9, and other large prizes will be given the winners in the various contests.

The reunion will last from the 5th to the 10th. It is proposed to organize a permanent reunion association of the Third congressional district, embracing members of the Women's Relief corps and Sons of Veterans as well as members of the Grand Army posts. The state committees of the Republican and Democratic parties have assigned their best speakers to Bartlesville for October 7th and 8th. Bands of Gage Indians in native costume will give dances during the week. A special feature will be the illumination, \$500 having been appropriated for this purpose alone. The several affairs will be carried out under the direction of the G. A. R. post, Belle Mead Driving association and the Bartlesville Commercial club.

# DEMOCRATS WILL SWEEP KANSAS

Chicago, Sept. 22.—"Kansas is not only going to give its electoral vote to Bryan and Kern, but will also elect the Democratic state ticket and a legislature which will choose a United States senator to succeed Senator Long," said Henderson Martin, the chairman of the Democratic state central committee, who was a caller at headquarters.

"The people of Kansas," continued Mr. Martin, "believe in Mr. Bryan and the principles he is advocating. They know where the Nebraska stands on all public questions, but they realize that the same thing can not be said of Mr. Taft. One thing the people of Kansas have learned with reference to the Republican nominee for the presidency, and that is, he is opposed to the guarantee of bank deposits. This is the big issue in Kansas and by far the most popular. It is favored generally by the voters of all parties, and the opposition comes largely from Republican leaders in the state, many of whom profess to be in sympathy with the Democratic banking plan. Uncle Joe Cannon has invaded the state and his appearance on the stump is doing more harm than good. The Democrats welcomed him to Kansas. He is making no votes. It is common report that Republican leaders in the state endeavored to dissuade the speaker from filling his Kansas engagements. We will gain a number of congressional districts and the speaker can claim part of the credit for the result. Kansas are opposed to Joe Cannonism, and all that it implies."

Mr. Martin spent some time with Chairman Alwood, of the speakers bureau, arranging for the assignment of speakers to Kansas. Among the Democratic campaigners who will be heard in the Sunflower state are Governor Johnson, of Minnesota; Congressman Henry D. Clayton, who was the permanent chairman of the Denver convention; Gen. James K. Weaver, ex-Governor John Lind, of Minnesota; Laurence H. Springer, a former Democratic candidate for governor in Illinois; Congressman H. T. Sawyer, of Illinois, and John G. Lynch, of Ohio.

# SMASHES MIDAIR RECORD

WILBUR WRIGHT MAKES  
ASTONISHING FLIGHT  
IN FRANCE

GOES ROUND AND ROUND  
THE PARADE GROUND

American Successively Passed  
His Own Record and Then  
His Brother's

Lemans, France, Sept. 21.—In the presence of officials of the Aero club, of Barth, the American ambassador, Henry White, General Baxano-Hayter, commander of the fourth army corps, a large number of civil and foreign officers and aeroplane experts and a crowd numbering 10,000, Wilbur Wright, the American aviator, yesterday afternoon accomplished a sensational flight, capturing the world's greatest record from his brother, Orville Wright, with a marvelously impressive flight in his powerful machine, of one hour, 51 minutes and 51 seconds, covering in that time an actual distance of 38 kilometers, or nearly 61 miles.

At 5:15 after the direction of the starting rail had been changed to a point in the path of the breeze, which was then blowing gently at about four miles an hour, the aviator got away slowly, sailing majestically up the field.

Around the upper turn Wright swept back to where the thousands were gathered and began describing ellipses. Round and round he went with the regularity of a railroad train. The crowd was at once delighted and amazed at the remarkable stability shown by the aeroplane. Wright's first manifested extraordinary prudence, flying so low that he seemed almost to skim the earth, but on the thirteenth round he rose to 60 feet. Spontaneous cheers greeted the picture and those were redoubled as he successively surpassed his own record and then his brother's.

In the gathering darkness the spectacle became thrilling. The aeroplane could no longer be seen at the farther end of the field, it appeared and disappeared in the gloom like a white phantom, but the sound of the ceaseless churn of the propellers told the multitude, which had now grown frantic, that Wright was still in the air. Matches were lighted to keep watch on the fleeing minutes and light had fallen when at the end of the 32d round Wright shut off his motor and came lightly to the ground.

**DOES THIS EXPLAIN IT?**  
(Democratic Press Bureau.)  
It is said the national Republican committee contributed \$75,000 in cash to the Kansas City Star and Times for support. Mail wrappers of these Kansas City papers coming to Oklahoma bear after each subscriber's name the mystic letters (N. R.). Do these letters mean National Republican? Is this the reason the Times offers this teen papers a week so cheaply?

**"THE PALE GIRL."**  
Did Not Know Coffee Was the Cause.

In cold weather some people think a cup of hot coffee good to help keep warm. So it is for a short time but the coffee is doing harm to the heart by weakening the circulation and the result is to cause more chilliness.

There is a hot, wholesome drink which a Pale girl found after a time. It was the blood warm and the heart strong.

She says:  
"Having lived for five years in N. Dak., I have used considerable coffee owing to the cold climate. As a result I had a dull headache regularly, suffered from indigestion, and had no 'life' in me."

"I was known as 'the pale girl' and people thought I was just weakly. After a time I had heart trouble and became very nervous, never knew what it was to be real well. Took medicine but it never seemed to do any good."

"Since being married my husband and I both have thought coffee was harming us and we would quit, only to begin again, although we felt it was the same as poison to us."

"Then we got some Postum. Well, the effect was really wonderful. My indigestion is clear now, headache gone, and I have a great deal of energy. I had never known while drinking coffee."

# SOLDIER IS LEFT ESTATE

Special to Daily Leader.

Fort Sil, Okla., Sept. 22.—Under sentence of two years in the United States army prison at Fort Leavenworth, Kas., which is to be accomplished by a dishonorable discharge from the army, Gerald Fairchild, 23 years old, who was arrested at Boston and was assigned to the coast artillery service, is one of two heirs to an estate at Duluth, Minn., valued at \$200,000. The other heir, whether a brother or not has not been learned, resides in Chicago.

An uncle of Fairchild's, a lawyer and real estate speculator, whose name is not disclosed by the prison, recently died at Duluth, and from a Duluth attorney Fairchild learned that the uncle's will left him an estate valued at \$150,000.

Fairchild has twice deserted within a year and since being confined in the guard house at Fort Sil has made an attempt to desert. His only reason is that army life robs him of his liberties and that he is displeased with it.

He was arrested recently in Oklahoma City and brought to Fort Sil in prison.

## SAD CASE OF LOST REASON

A sad case of mental aberration was noted at the Elks hotel this week. Mr. and Mrs. Purvis who have been in Oklahoma for the health of the wife arrived at six o'clock, the lady being a nurse. She was formerly a nurse at Chicago and has been married seven months, giving birth to a babe a few weeks ago. The babe died and the handsome, cultured little mother lost her reason, crying for the dead babe. The devotion of the young husband and the blank grief of the heartbroken mother caused all guests to grieve for sympathy. The woman is now quiet today.

# The Great Deep Cut Will Move the Goods

We have on sale, until the present stock is sold, some very fine Columbia Phonographs. These Phonographs are equal to anything on the market. Now is the time, if you are interested, to get busy. The Edison people have compelled all dealers in Phonographs in the United States and foreign countries to sell the Edison Phonographs and Records exclusively in the cylinder machines and records. As a result we are compelled to close out all Cylinder Phonographs we have in stock in the next six days. We sell these Phonographs on payments, so if you don't get a snap it is your own fault, not ours. Remember this stock, both Records and Machines, must be cleaned up.

Will Save You From \$50.00 to  
\$150 on a High Grade Piano.

# LABOR LOYAL TO BRYAN

Special to Daily Leader.

Chicago, Sept. 22.—If any evidence should be needed to prove the loyalty of labor to Bryan and Kern and the Denver platform, it is available at the labor bureau in Democratic headquarters. The organization of Bryan and Kern Railroad Men's clubs are reported in every mail, and with these reports come enthusiastic letters making application for literature and campaign buttons. More than twenty Bryan and Kern Railroad Men's clubs were reported yesterday. The majority of these were organized in Illinois towns. The letters received from trainmen identified with these clubs indicate that the vote of the railroad employees, generally speaking, will be cast for Bryan and Kern. The president of one Bryan and Kern Railroad Men's club wrote:

"We are wearing the Bryan buttons this year. We didn't dare do such a thing in 1896. Personally, I have seen only a very few railroad men wearing Taft buttons. We number 1,000,000, and 400,000 of our men have been thrown out of work. There is no duty about how we think this year."

## WORRALL WINS LIBEL SUIT

Special to Daily Leader.

Hobart, Okla., Sept. 22.—State Attorney Clinton C. Worrall was victorious in a libel suit here today wherein his opponent, the Chief, was sued for \$12,500 damages on the different counts for former City Attorney John A. NeKeene for several alleged defamatory editorials which Worrall wrote during the heat of a city campaign held here a few years ago. The jury was out about forty-eight hours.

Every day preparations simply developed by others; they try to the secretions, which adhere to the membrane and become, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smoke and dust, and use that which cleanses, soothes and heals. Ely's Cream Balm will master catarrh or cold in the head easily and pleasantly. All druggists sell the 50 cent box. Ely Brothers, 100 Nassau Street, New York.

The Balm is used without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. Ely's Cream Balm contains no cocaine, and is not an other harmful drug.
